"As a former editor of the Silver Streak, I can tell you that is the most rewarding thing I have ever done in recovery. It helped me hone my craft at writing, it enabled me to meet and talk with people I would have otherwise never gotten to know, and most importantly, it enhanced my sobriety and made me a better member of Alcoholics Anonymous. It was my way of carrying the message.

Last but not least: it's how I met my wife. I can't guarantee you a spouse if you take this job. I can, however, guarantee that it will change your life for the better."

Dave B., former editor of the *Silver Streak*, will be happy to speak with you about the requirements and what to expect.
